Mike Sutherland is always hanging out on the phone.

We all love to go shopping. Most of the time we go just to look and not to buy. Girls go shopping to look at the newest clothes and the guys go to see the girls. Although the girls also are checking out the guys. Many people go to the mall on Saturdays and holidays just for something to do. Therefore on days such as this you can see many people that you know. Of course we all know the joys of Christmas shopping. It is at this time that most of us spend many of our hard earned dollars. Everybody enjoys spending dollars.

SHOPPING IS EVERYBODY'S HOBBY.

John Wilkins is such a book worm.

Steve Schultz loves to go to the mall.

We must study hard in school so that later we can get a good job.

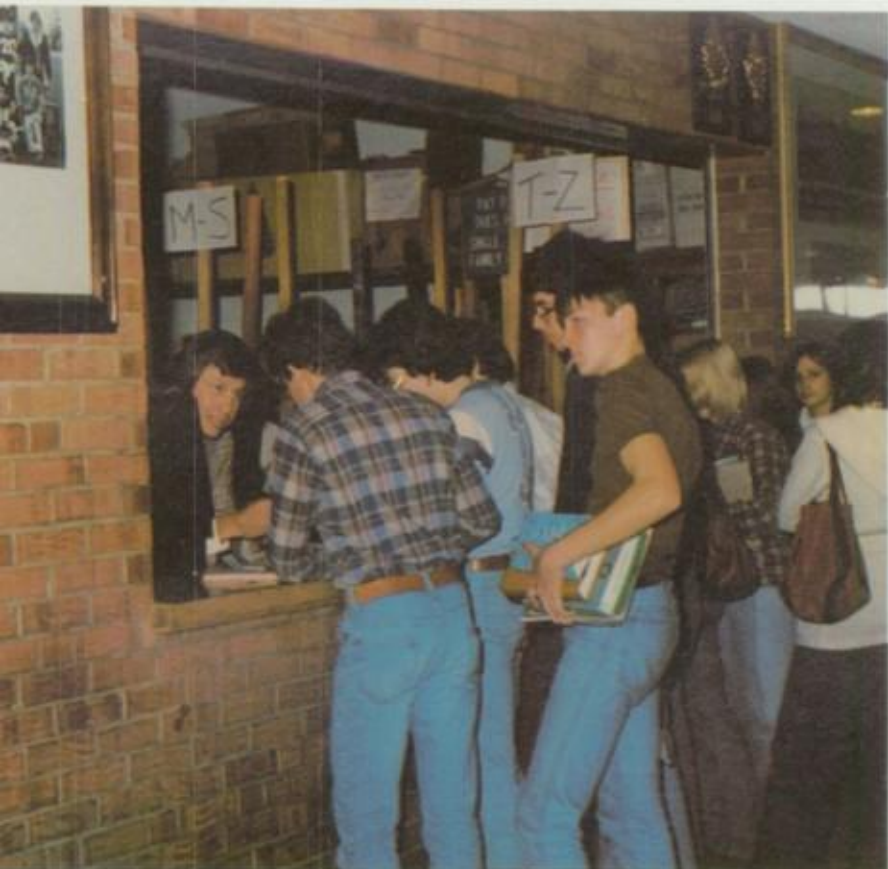

The construction workers must work hard to build the new gym.

Can I help you?

Richwoods students find many things to keep them busy in school and in their spare time. Things are always alive with excitement whenever Richwoods' students are around. Outside of school jobs keep many students busy. While in school, other activities grab the interest of the students. One of these, as always, was the ordering and arrival of the class rings. But then again, the scholars of RHS usually find some diversion that captures their attention for the time being.

Mr. Rouzer works hard to keep everybody satisfied with their class ring.

Have fun! There are very few people who do not like to have a good time. Something to each and every one of us is fun to do. Maybe it is going shopping or just driving around with a friend. Of course on Saturday night we all like to go out with our favorite girl or guy (as the case may be). Usually there are parties or a good movie we can attend. No one can forget about coming out and supporting our great teams. This is always fun to do. Many of the students enjoy participating in sports. This offers a variety of fun and excitement. So everybody come out and HAVE FUN!

It is hard to smile when you are so cold!

Students at Richwoods are becoming more and more involved with our school.

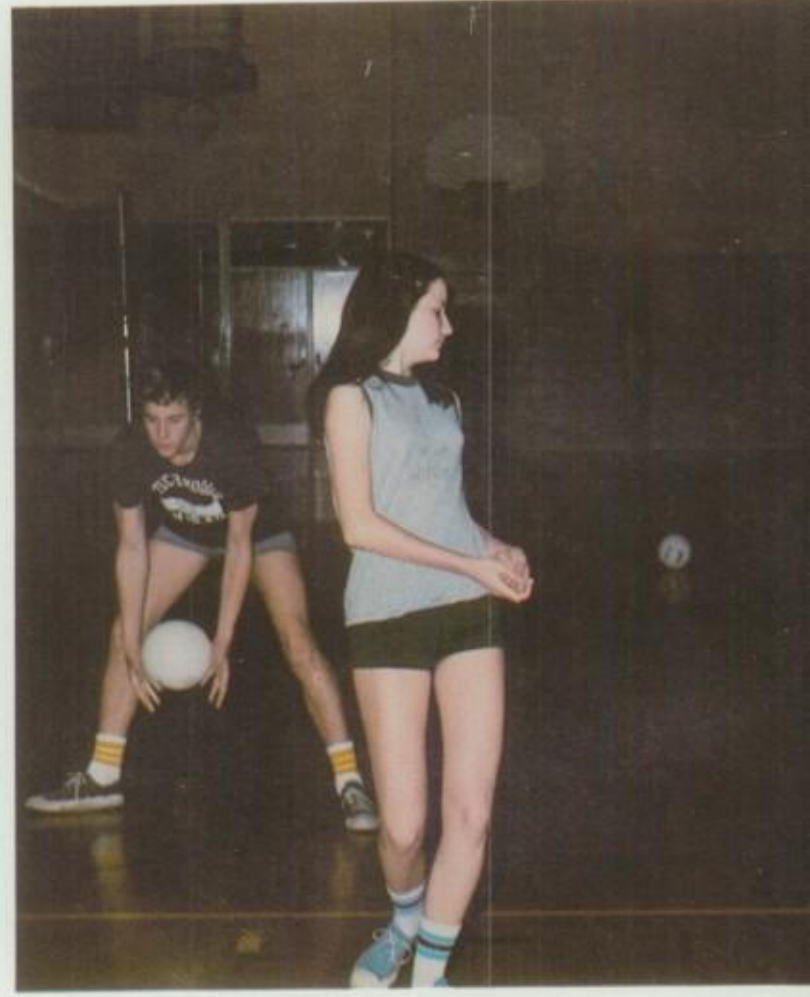

Activities have had a great turn out. Students are putting forth an effort to make this year their best year. The teams are working to make our Knights number one. Clubs are doing a fine job. Students in clubs are working together to bring out the best ideas possible. Our classes are getting more involved than before, better skits, better grades, and more spirit. In all areas Richwoods students are getting involved.

The Richwoods Choir this year made a Christmas record. They are selling it all over town.

Registration On August 29 . . .

A familiar scene on registration day, students wander around the gym trying to find the table where they can pick up their schedules.

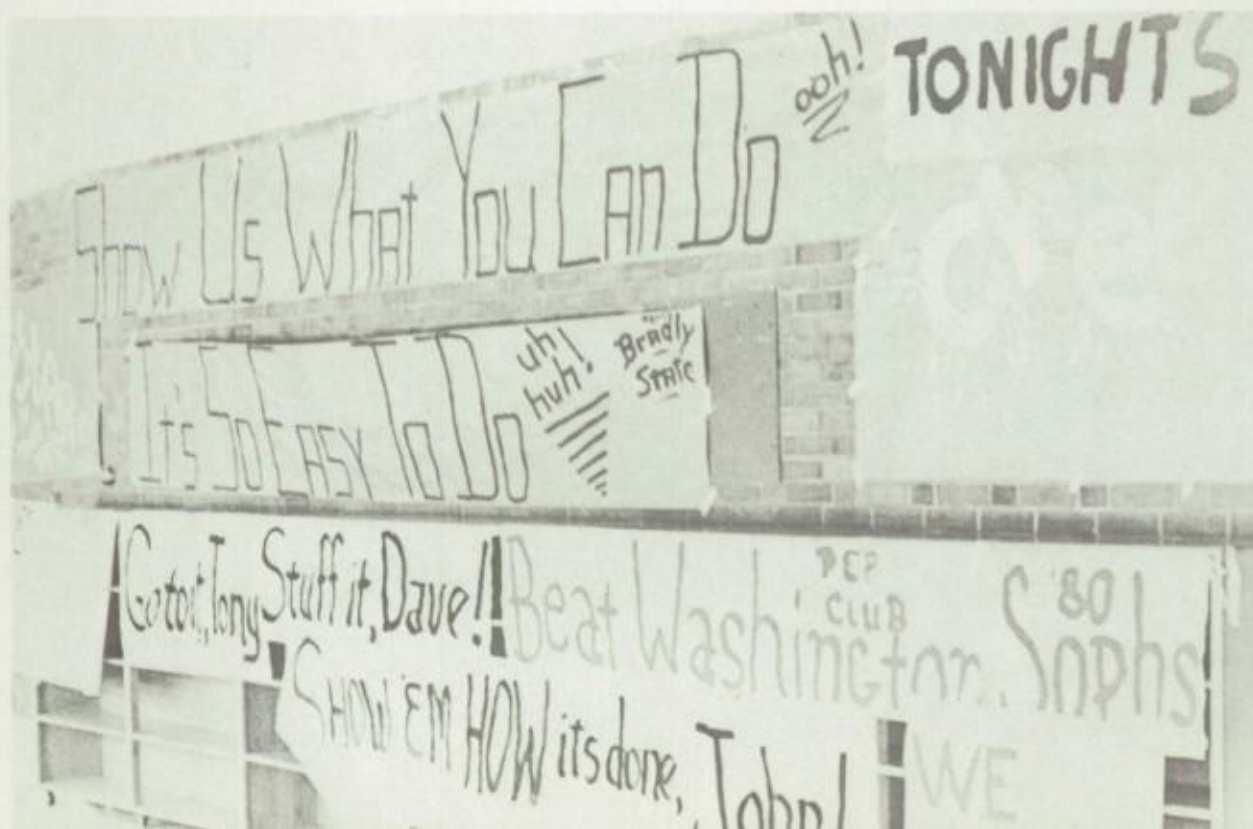

Steve Ellis waits patiently to buy his yearbook.

Mrs. Mabey helps students find their schedule cards on the hectic morning of registration day.

Cheerleaders and students alike build the enthusiasm that keeps our school spirit alive.

The Royalties perform their famous kick line during halftime.

Registration day, August 30, 1977, was the beginning of another fabulous year. Students returned to RHS once again to obtain their schedules, calendars, and locker combinations. Some students who were unable to pick up their yearbooks on yearbook pick-up day were able to collect them. The sounds that echoed through the halls that day were familiar ones: the screams of a panicking freshman when his locker refused to open, the know-it-all conversation of the sophomores as they tried painstakingly to appear upperclassmen, the easy laughter of the juniors when they'd sold an elevator pass to an unsuspecting victim, and last but not least, the jingle of car keys as seniors raced out to the parking lot for one more afternoon of freedom.

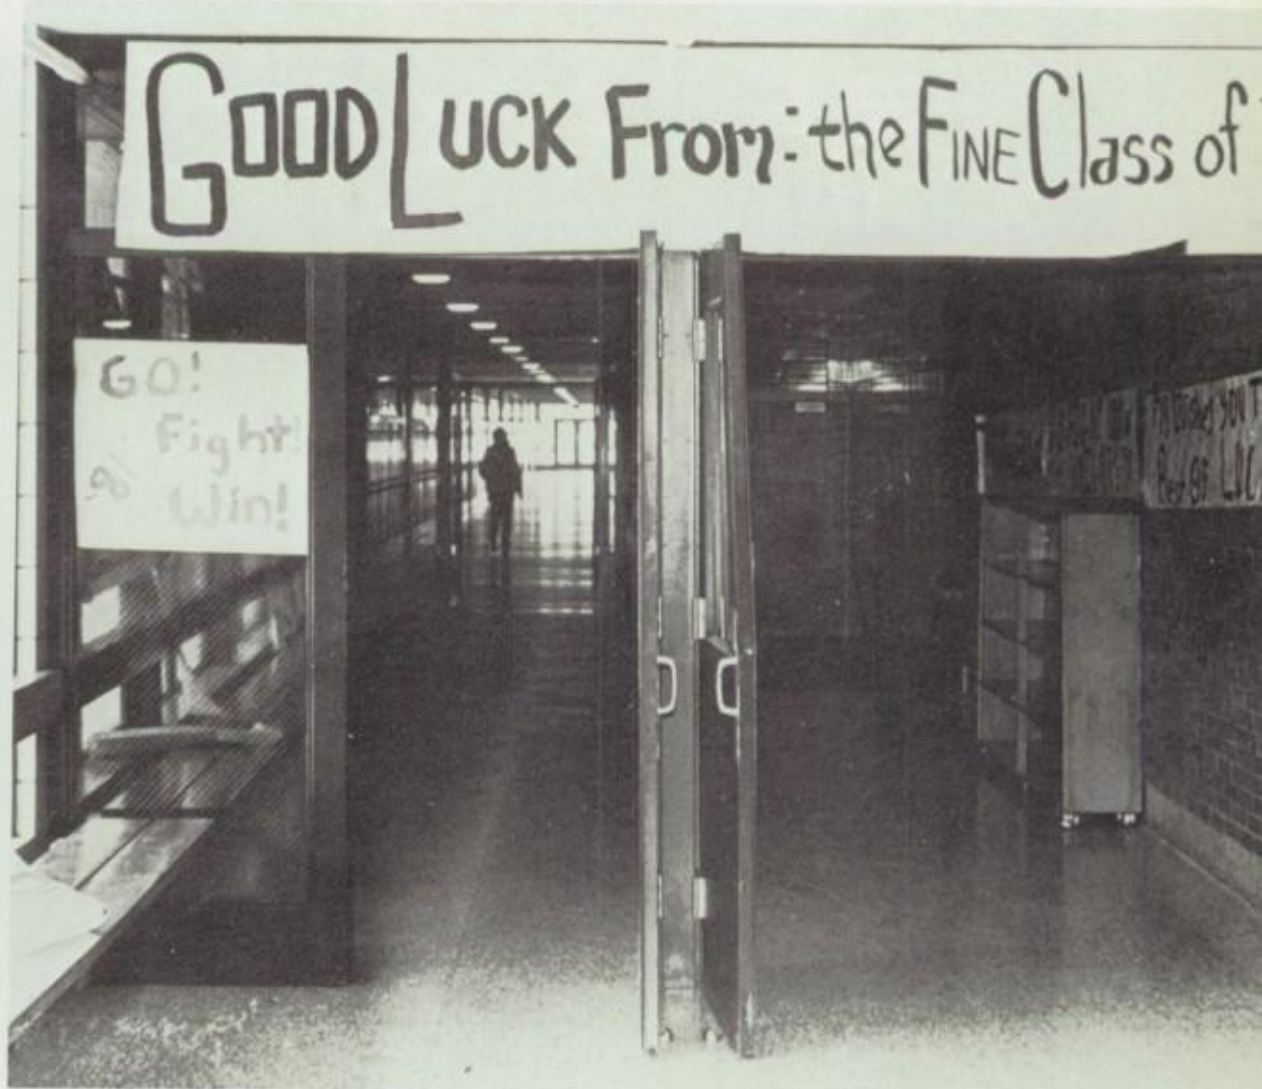

As school activities fell into full swing this year, enthusiasm and loyalty for our knights was once again rekindled. It seemed as if the excitement and spirit raised at our pep assemblies had never been greater. Signs of support for our knights soon started to dot the halls after members of the pep club began their poster parties in the empty corridors after school. Cheerleaders and royalettes shouted and marched their support at the games, and fans cheered on to back our knights to victory. The genuine interest and faith everyone showed in our teams led them from one triumph to another.

Rekindles School Spirit!!!

Kelly Cole cheers the Knights on.

Our loyal fans will show up rain or shine for the Homecoming game.

People of all ages enjoyed the good food at the chili supper.

Let's Get Fired Up!!!

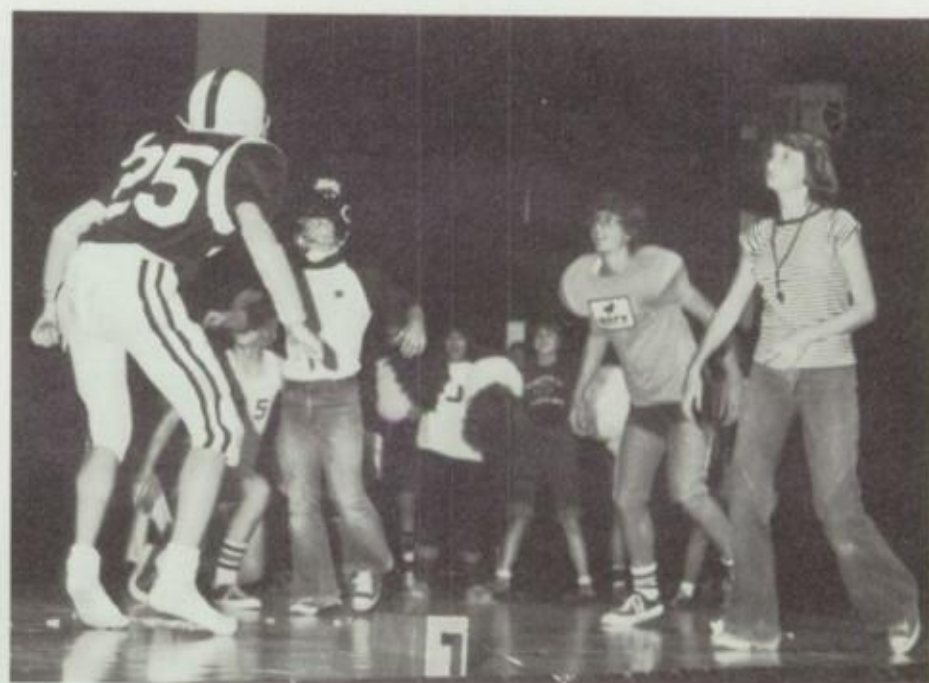

These Richwoods Knights stopped in at the annual chili supper before going to the stunt shows.

Spirit shimmered through the halls of Richwoods as spirit-week began on October 3rd. The ball started rolling as each class took part in decorating its own hall with colorful, spirit-filled posters in quest of the sacred spirit stick. The junior-senior girls' powder puff football game raised school interest as the seniors came off with a striking victory of 6-0. Enthusiasm mounted as the queen candidates were chosen, the annual chili supper, and the stunt shows took place on October 6th. During the stunt shows, the senior sexy legs contest surely gave everyone delightful memories.

Before the big game, a super-great pep assembly took place backing our Knights against the wiles of the Limestone Rockets, and cheers rang out from the gymnasium. But disappointment shadowed the Homecoming game on October 7th as rain discouraged many fans from attending the game. The game continued despite the downpour, and misfortune carried on into the evening as all of the carefully planned half-time festivities were cancelled. Finally, the loyal fans that turned out to see the game saw the Knights fall to defeat in overtime. Although everyone was disappointed, Homecoming left fond memories with all.

The juniors got enthused as their stunt show progressed with applause from the audience.

The freshmen skit, as always, showed the awakening talent and skill of our newest students.

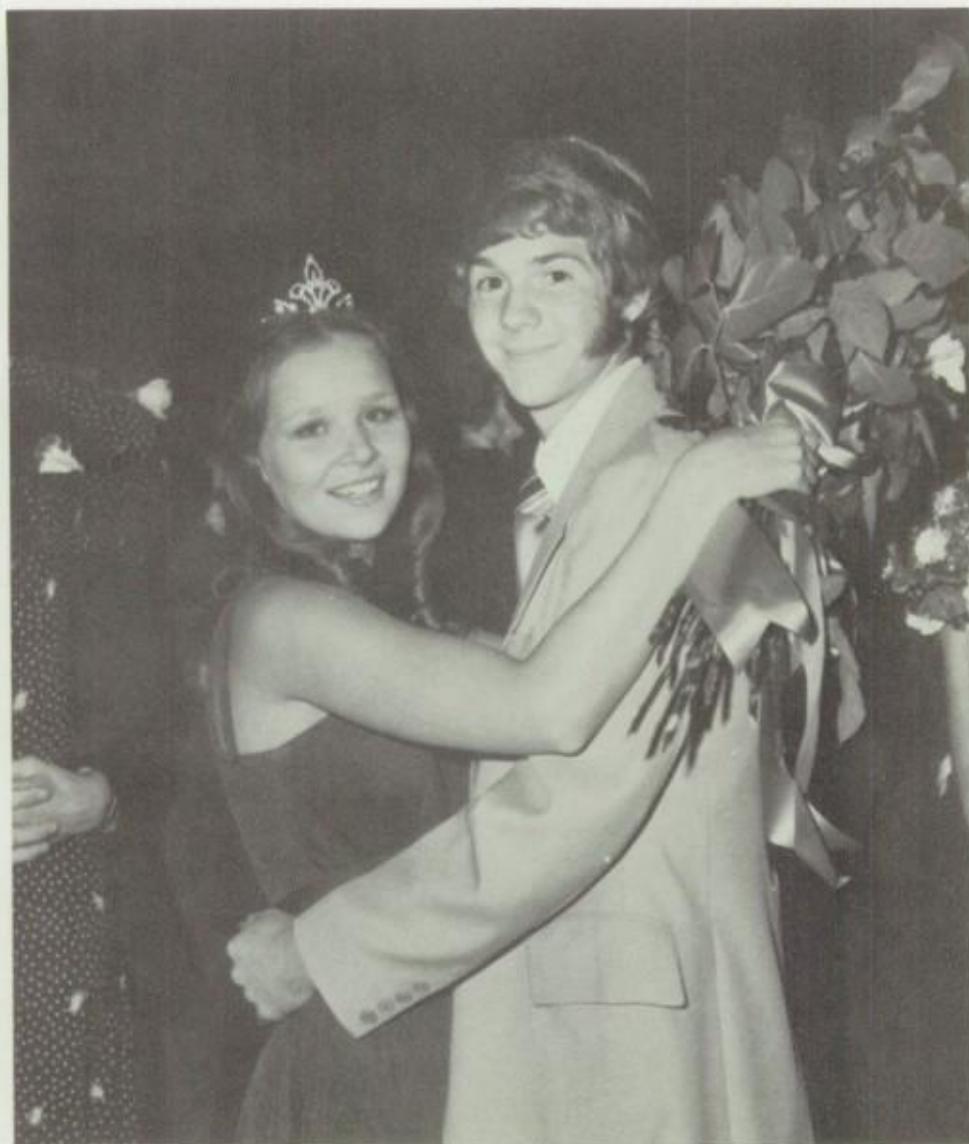

After a very original stunt show, the sophomore class takes a well-deserved bow.

The senior skit made an interesting end to the frosh, soph, junior, and senior productions.

"A Knight Among The Stars"

Joy Mountz and her escort, Dan Henry, enjoy the traditional Queen's Dance.

The 1977 Homecoming dance was, as always, the highlight of Homecoming. As the hour of ten approached, our beautiful queen, Joy Mountz, was crowned amidst all the traditional tears and smiles. Everyone present had a fantastic time "rockin' and a rollin'" to the zangy music of Lambrusco. The evening was truly made for romance as stars gleamed from the ceiling, and a huge, yellow moon served as the picture booth. "A Knight Among the Stars," was, all in all, a huge success!

"Tom Jones"

Tom pleads with a distressed Sophia, "Please believe me, Sophia! Don't leave me!"

Squire Allworthy's relatives insincerely mourn his death, not noticing that he has recovered.

This year's fall play, "Tom Jones", was held on the nights of November 18th and 19th in the Richwoods' auditorium. The play, written by David Rogers, turned out to be one of the best ever presented at Richwoods.

This racing comedy takes place in England during the 1750's. Tom Jones and Sophia Western share a secret love for each other and long to marry, but Sophia's father has different plans for his daughter. His idea is to marry her off to Squire Allworthy's nephew Blifil, who is a selfish, no-good brat. Blifil makes life miserable for Tom, and finally everyone he loves thinks him to be a scoundral. It is at this point in the play that Tom up and goes to London. After many other adventures and even a murder trial, all ends well. Tom and Sophia are given permission to marry with her father's blessing.

Many thanks are extended to Mr. Steve Peters, Mr. Charles McCumber, and Mr. Pete Knopf for the endless hours they put in to help make the play a total success.

Captain Blifil confesses to Bridget that he married her for her intelligence rather than her beauty.

Squire Allworthy appears distressed after the baby is discovered.

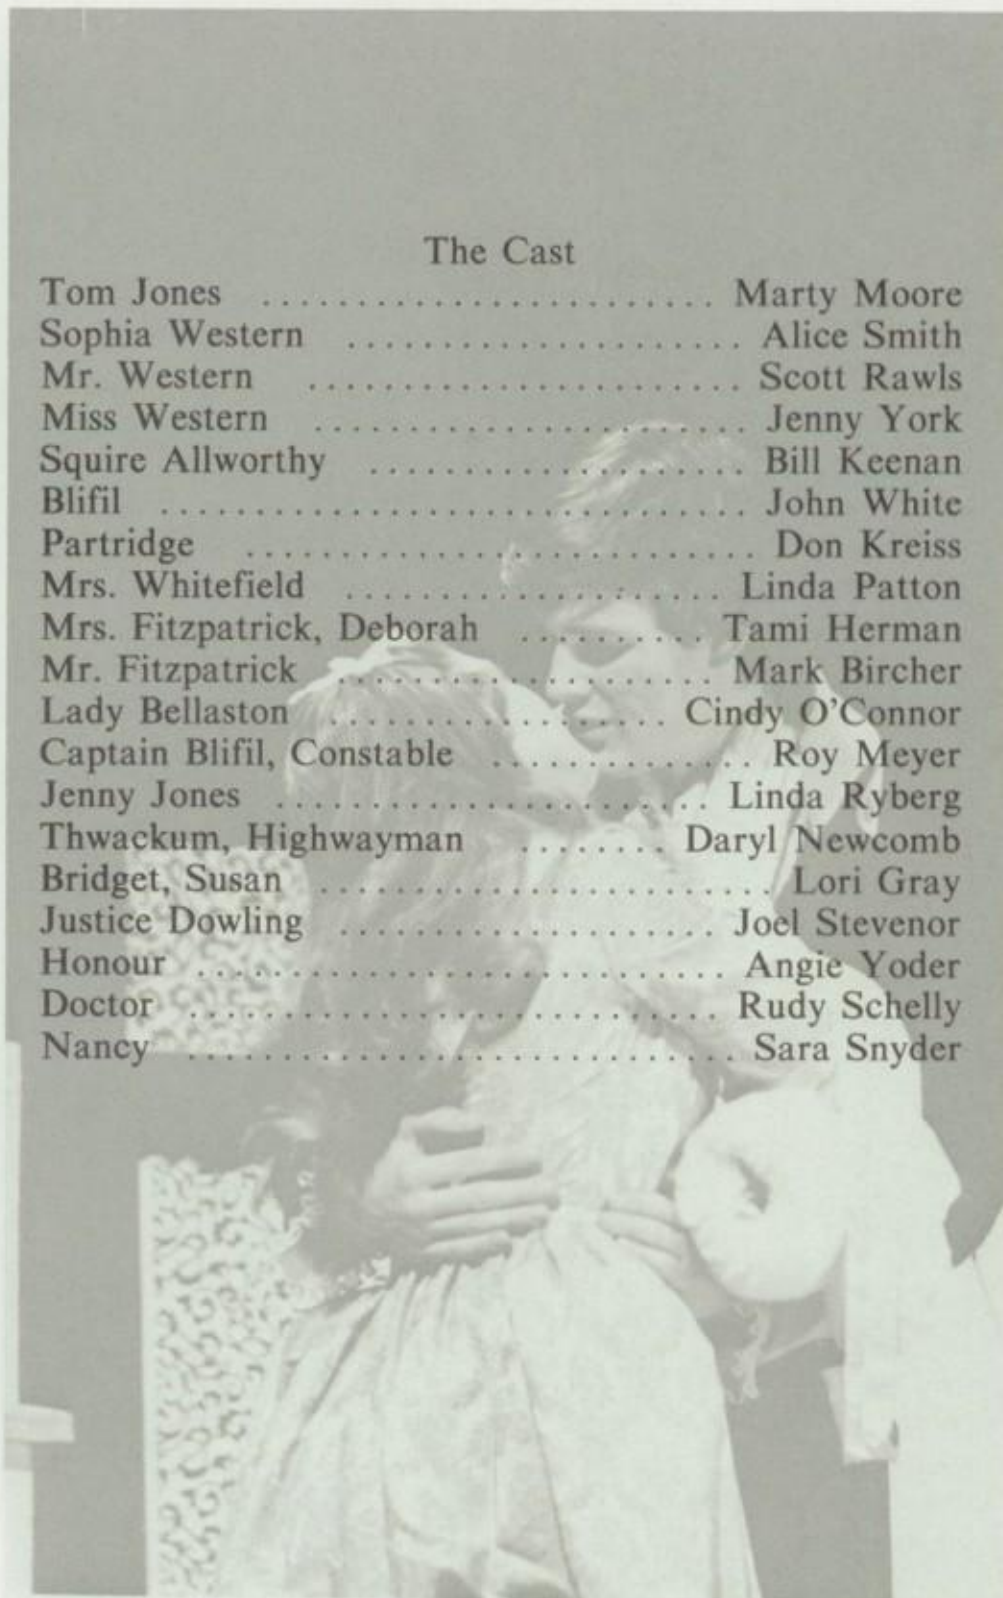

Tom professes his true love as Sophia gazes at him spellbound.

Sophia flies into a rage when her father forbids her marriage to Tom.

Recapture Medieval Times

Lori Gray assists Scott Rawls in putting on the elaborate dress for the dinner.

The Richwoods High School 4th annual Madrigal Dinner took place December 10th and 11th. During the program many Christmas carols were sung including such favorites as Silent Night and Deck the Halls. Guests enjoyed a delicious dinner along with explanations about the drink called "Wassail", the boars head, and the history of the madrigals. This interesting information was given by the Master of the Hall, Mr. Peters. Mr. Macomber is the director of the singers. The Art department helped with the construction of the fine beautiful scenery that gave the evening such a medieval atmosphere. A special thanks to Mrs. Schultz who did the tedious job of fitting and sewing all the costumes. Without these people the Madrigal Dinner would not have been possible.

Prince Charming(Jim Chelgren) seems captivated by a lady of the court(Robin Burrows).

During the course of this memorable evening, the guests were entertained by traditional carols sung amidst the gay scenery.

The renowned singers found time to take part in the festivities, too.

The Merry Magical Time Of Christmas And The Holiday Season Of Joy.

Carol Verhake and Kirk Cooper smile as they decorate the school Christmas tree.

Christmas! Christmas is a magical time of the year when everyone enjoys those special moments of giving and sharing. We at Richwoods did just that! Students participated in a candy cane sales, a canned food drive, and a Christmas card delivery. Also, the Richwoods' High School Choir sold a Christmas album on which many favorite carols were recorded. Another added attraction to our Christmas week was the dance held on Friday, December 23rd. The gym was decked with many merry decorations. Santa Claus roamed amongst the crowd, and all who attended the dance seemed to be in high spirits. Christmas week ended as a total success — good will, laughter, and love included.

Debbie, Carol, and Tammy Cook smile as they anticipate their coming Christmas vacation.

Of course, we all remember the presents under our own trees at home.

While most Richwoods' students stayed home over their Christmas break and struggled through the heavy snows

a few decided to spend their vacation in a warmer, more relaxing climate.

Singers Strike

Choral concerts are the main opportunity for the student body to hear the many special groups sing.

A Harmonious Note

A popular activity enjoyed throughout the year is singing in the choir and choir groups. Being active is important to many in the student body, and that is why many have chosen to take chorus.

Throughout the year, the main chance to hear these different groups sing is at the concerts they give. Many practices are held by Mr. MaComber, the head of the choir department, and he always comes through with a great concert enjoyed by everyone.

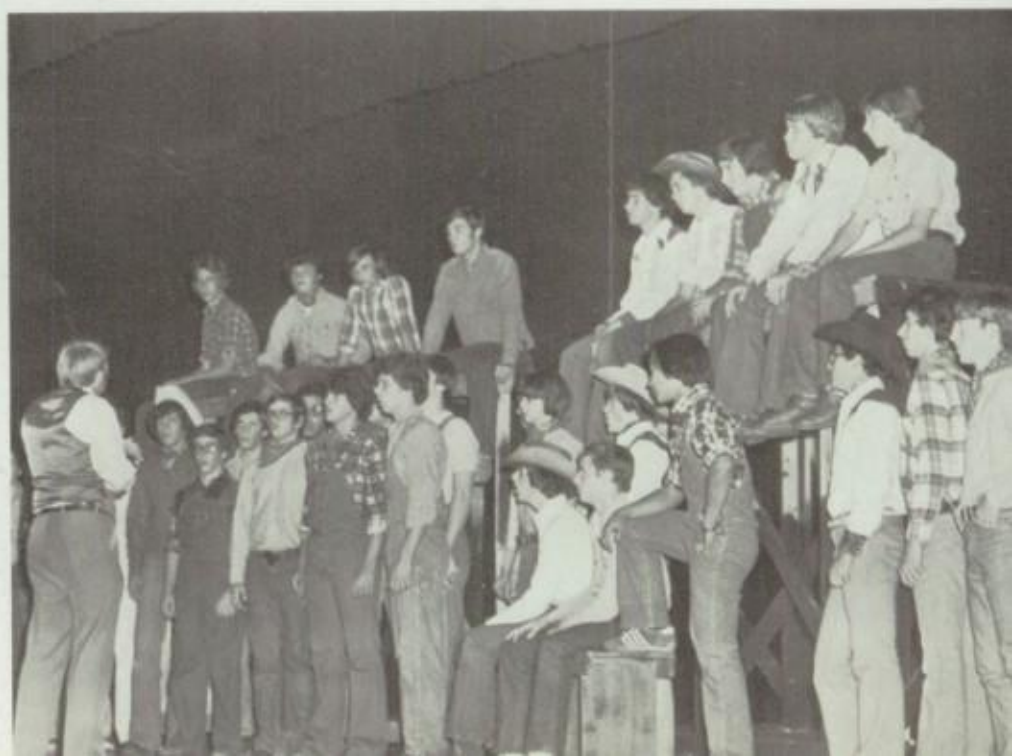

The unique flavor of one choral concert is shown here as the singers square dance.

The concert choir is a main group that everyone enjoys hearing.

Mr. MaComber directs a boys' group during another great performance.

Richwoods' 1977-78 Assemblies

John Dempsey and Penny Hutton helped out at the assembly that Major Carver was invited to speak at.

In past years, assemblies have been popular, and this year was no exception. Music assemblies, usually dominated by upperclassmen, revealed many new faces. Performed was a wide variety of music including rock, disco, and classical. For a change of pace, Dave Stone did a lights creation on his drums which he called Dyn-O-Light.

Among other assemblies, was the speech by Major Carver, in which he stressed the importance of voting, involvement, and being a good student. Another special assembly was by the Sound Image Edition. Its informal flavor appealed to many. Thanks to all the students and teachers who cooperated, Richwoods had another great year of assemblies.

Mayor Richard Carver stresses the importance voting in an election.

Band Concerts

Francine Wade and Peggy Vilberg take a break during one of the concerts.

Jeff Goteboer and Bob Pratt, our band majors, pose for this picture.

The Richwoods' band had two concerts for the public this year. The first was planned for February 13th at 8:00 p.m., but due to our terrible weather this winter it was cancelled. It was rescheduled for Sunday March 12 at 2:00 p.m. During this concert, the band played several arrangements. Some of the songs they played were One Nation Indivisible, Relax, Block "M", and Stan Kenton in Concert.

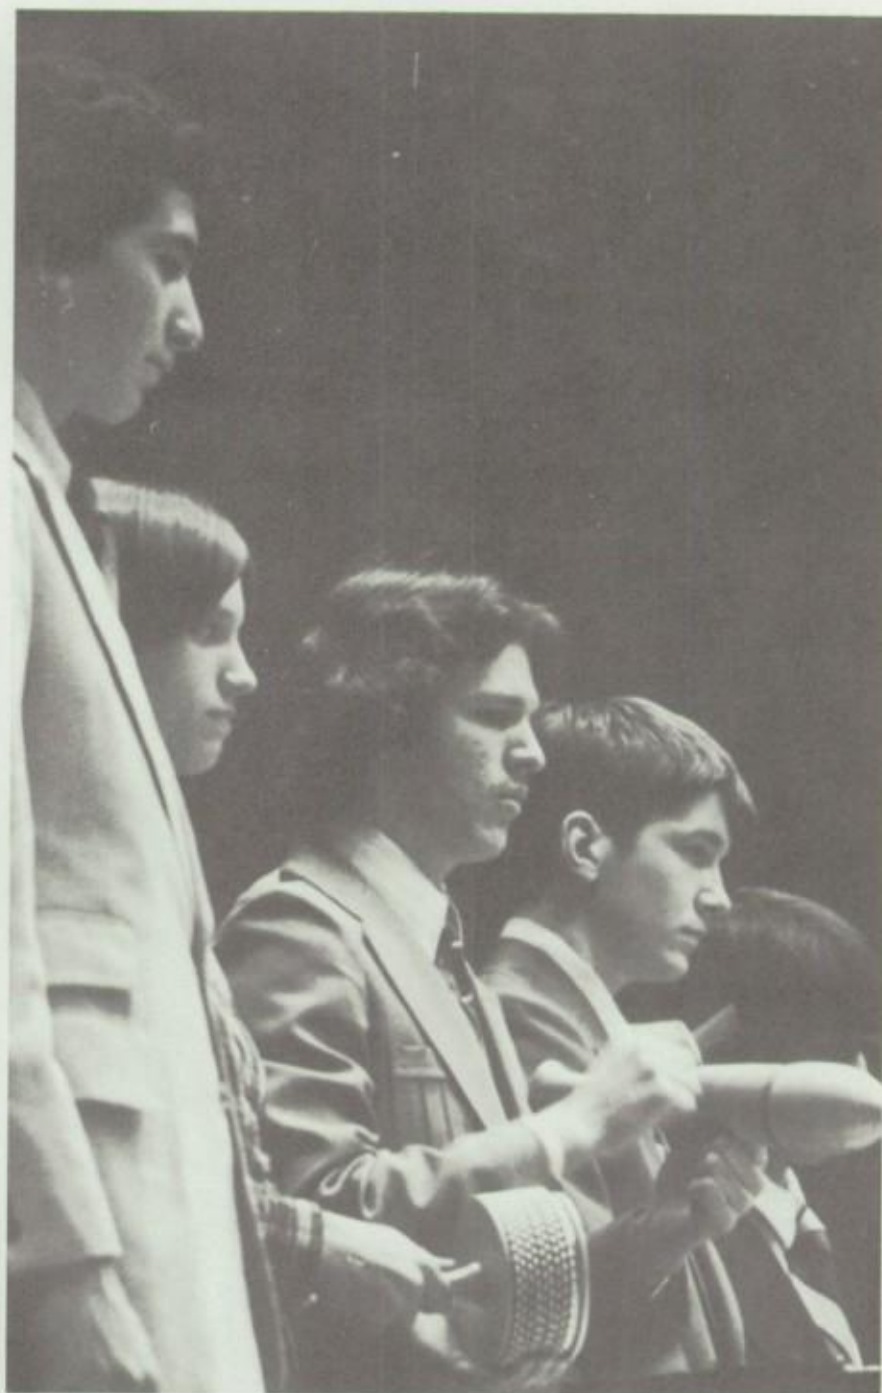

The second band concert was held this spring during the fine arts concert. The band played from 3:00 until 4:00 p.m.

King Shawn poses with his distinguished court.

Bill Barnhart had the pleasure of calling out the square dances.

... Old McKnight's Farm!!!

Old McKnight's Farm, Vice-Versa 1978, was the night of the big hoe-down. Farmers and hillbillies filled the air with high spirits and good wholesome fun. The atmosphere was set by the festive and authentic decorations provided by the senior class. Highlighting the evening was the crowning of Shawn Kennedy as Vice-Versa King. To top the evening off, a swinging square dance served as the King's Dance.

Shawn Kennedy was escorted by Kathy Carver and Lori Gray. Tim Hagaman was escorted by Neeta Chatrath and Penny Hutton. Chris Kechriotis was escorted by Sue Darragh and Barbie Brown. Joe Willie McGee was escorted by Lori McConaghy and Lisa Bates. Paul Baker was escorted by Sue Moore and Brenda Wilson. Andy Frankel was escorted by Liz Imes and Carrie Gott. Marty Moore was escorted by Eileen Flanagan and Jodi Zeisel. Dan Henry was escorted by Jane Polly and Kris Orth. Bill Simons was escorted by Donna Huebner and Sharon Brooksbank.

All in all, the evening was causal, comfortable, and a great deal of fun.

Laura Finke seems to have gotten really wrapped up in the dance.

Faculty Vs. R-Club Game

The faculty team doesn't seem to be anxious before the game begins.

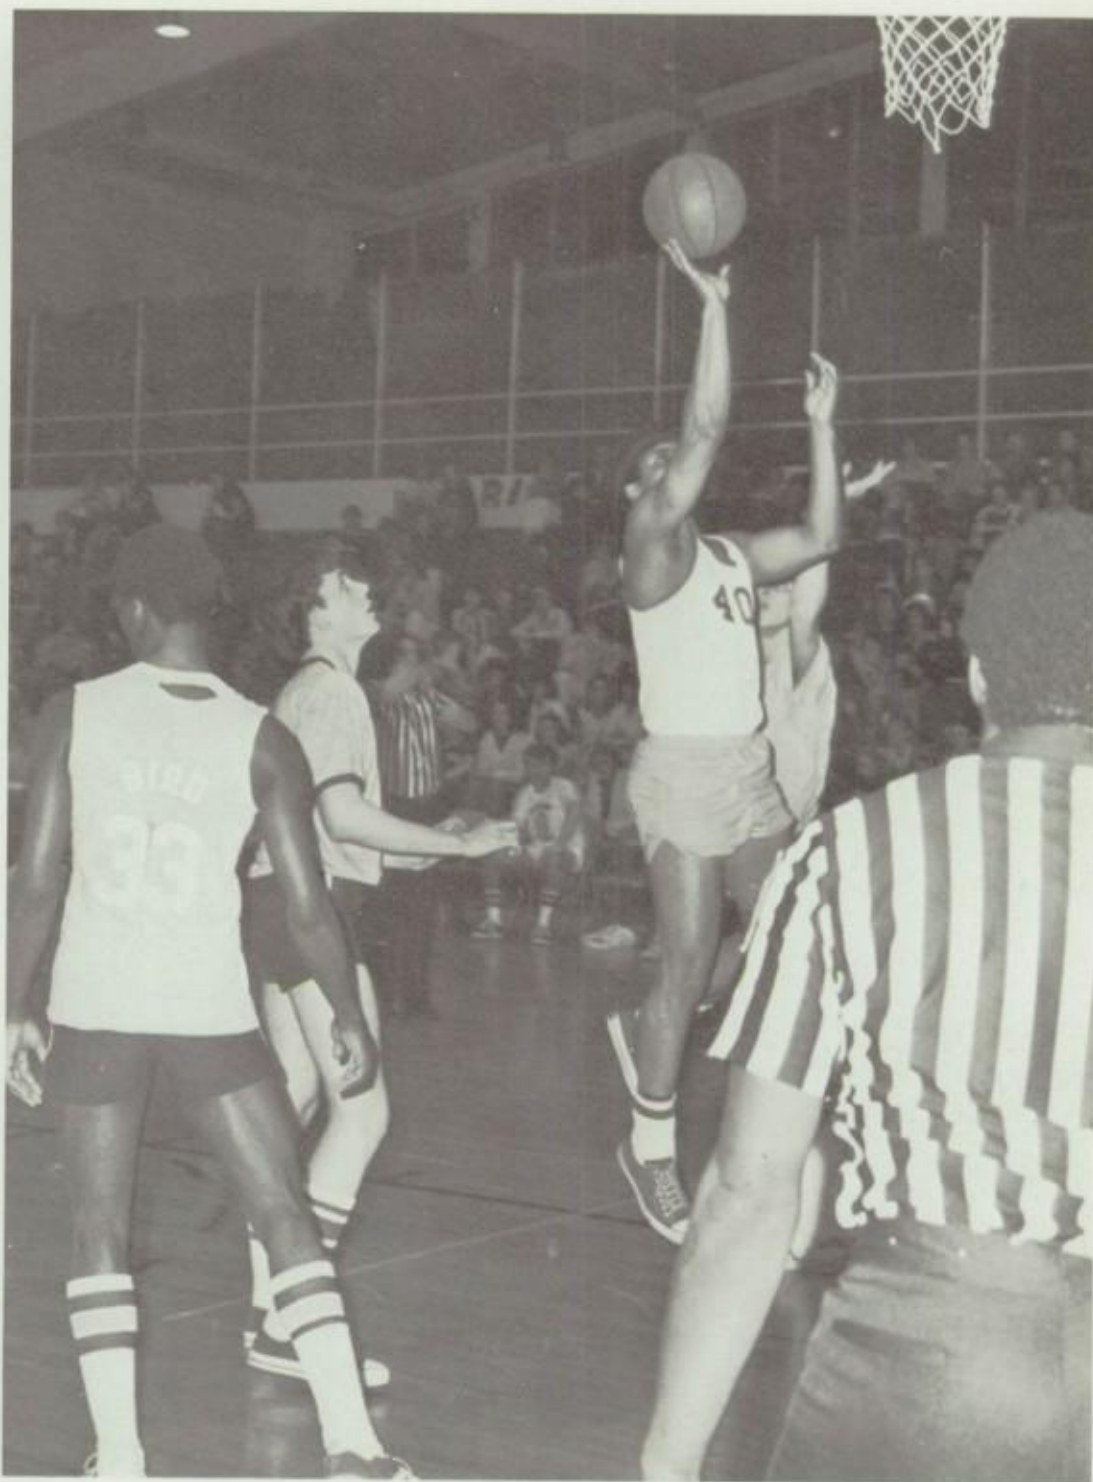

Mr. Lawless and #45 jump for the ball.

Joe Willi McGee blocks Mr. Weiss as he attempts to recover the ball.

Joe Willi blocks Mr. Mayor when he tries to make points for the faculty team.

#45 blocks Mr. Weiss in mid-air when he endeavors to make a basket.

Another point scored for the R-Club!

The annual "R" club faculty game was played this winter. This annual occasion gathered a large crowd. The lovely "R" club cheerleaders cheered their team on, but unfortunately not to a victory. The faculty won this year. The faculty had an unbeatable line up consisting of counselors, teachers and a dean. The "R" club put forth a great effort with a great bunch of guys. The exciting game went into overtime and ended in a victory for the faculty.

Our illustrious cheerleaders look on as the game progresses.

South Pacific Makes A Splash

These sailors displayed an eager enthusiasm for work in the play.

South Pacific, our 1978 spring play, was presented in the Richwoods' auditorium on the evenings of May 4th, 5th, and 6th. This comical musical takes place on two islands in the South Pacific during World War II. The antics of the natives and the service men and women made South Pacific a refreshing and enjoyable production.

A special thanks goes to our directors Mr. Peters and Mr. Macomber, without whom this play could not have taken place.

Luther Billis was embarrassed when he was thanked for making the nurses "skivvies".

Emile talks with the native children, Ngana and Jerome.

Bloody Mary and these Navy officers seem to disagree about different matters.

Voted Into Office

Kathy And Alice Are

Newly elected president Kathy Rice poses with her partner, vice-president Alice Smith, and their campaign manager Marty Moore.

During the campaigns, students who entered Richwoods through the front doors were swamped with buttons and papers from the various campaign committees.

April the 10th opened the exciting week of presidential elections. Monday through Friday of that week, Richwoods' students were bombarded with ribbons, buttons, pictures, pins, and papers distributed by the various campaign committees. This year three teams sought after the offices of president and vice-president. The winning team was Kathy Rice and Alice Smith. They defeated both other teams running for office, who were Jamie Wilkins and Laura Mellinger, and Karen Axness and Wendy Henniges. After they were elected, Kathy and Alice appointed Sandy Eberle secretary, Julie Pfeiffer treasurer, Scott Rawls parliamentarian, and Craig Thorstenson junior parliamentarian. Simply by glancing at the previous accomplishments of these officers, we are reassured that their leadership and guidance will prove to be some of the best Richwoods has ever seen. Hard work and dedication are necessary elements that a presidential team must possess, and we are certain that with these qualities Kathy and Alice will live up to the faith we have shown in them by voting them into office.

Students wore buttons and ribbons that indicated who they supported in the presidential race.

Candidates Jamie Wilkins and Laura Mellinger are pictured here with their campaign manager Tim Hagaman.

After all is said and done, there's a lot more said than done!

The dance was once again held at the Peoria Hilton and lasted from 8:30 until 11:30 p.m. Blue Bird supplied the music, and although they had difficulties setting up on time, the dance continued smoothly, making truly magical memories for everyone. Jodi Zeisel was crowned our 1978 Prom Queen, and she reigned beautifully over the festivities that night. The Student Council is composed of three levels of student government. The House of Representatives is made up of members chosen by each class. The Senate has sixteen members, four being from each class. The President, Vice-President and their officers make up the third level. The President and Vice-President preside over all council meetings and are responsible for all actions taken by the council. It is the most vital and active organization in our school. Headed by President Penny Hutton and Vice-President Kris Orth with advisor Mrs. Susan Fink, Student Council regained much of the student's support lost in recent years. The activities of the council kept it busy. During the fall, Homecoming Week was extremely successful. During good weather, the courtyard was opened and provided a chance to breath some fresh air. Several aftergame dances were held, but in December a special Holiday Dance seemed

to top them all. For those who attended there was plenty of food, drink, and good music. Also, there was the surprise visit of Santa Claus. The winter brought the students, as well as the community, added benifits. The students were able to have Holiday cards delivered and candy canes sent to friends, with the money raised going toward the Canned Food drive. The Canned Food drive was again very successful this year with four homerooms winning an hour of lunch for the most cans. In return for the students help many needy familys were given food boxes. The council also helps in other events such as the Toys for Tots, the annual Allied Agency party and the sponsoring of many school activities. At the end of the year, the Student Council found that it had accomplished much but still had much more needed to be done. With that in mind the council closed another session and started planning another busy and productive year.

Royalettes

Squad Leaders: Laura McConaghy, Diane Kahn, Cam Collins, Cheri Cornelius.

Every spring freshman, sophomores, and juniors try-out to become Royalettes. After several dance routines and many early morning try-out sessions, forty girls are selected. These girls immediately begin to get in shape for the year to come. Throughout the sum-

mer the new girls attend various workshops and summer camps. By September they are ready to perform. During the year they march at most home football and basketball games. They also march in the Santa Claus parade. Being a Royalette is a lot of fun!!!

This year a big change has occurred in the P.E. department, this being the introduction of coed classes and activities. These have affected not only the teachers and students but the P.E. leader as well. The leader's basic job is to help the teachers with their classes. They take attendance and get everything in order for the class. With the students free to select activities courses, there were extra rolls to be called and twice as many errands for the leaders to run. Yes, times have changed but the leaders are ready for it.

The Shield is our way to voice our opinion about school policies. It holds an important place in our lives since through its pages we can find entertainment, information about school events, and a place to express our own ideas and viewpoints. Thirteen issues of the Shield are published each year, which causes all students involved with the paper to learn about responsibility in meeting deadlines. Students with talents of all kinds are welcome on the Shield staff as reporters, feature writers, artists, photographers, and editors. Special events in the Shield are a Christmas issue and the annual literary issue.

Varsity Cheerleaders: A Year To Remember

VARSITY CHEERLEADERS: Nancy Cohen, Karen Myers, Ginger Mariani, Donna Huebner, Kelly Cole, Michelle Hessling, and Heidi Conrath.

The varsity cheerleaders were chosen last spring, and almost since then the girls have been hard at work. As well as cheering at many varsity basketball and football games, they participated in Mid-State 10 cheerleading competition and a cheerleading clinic over the summer.

These junior and senior girls deserve credit for sticking it out through the not-so-glamorous times, such as cheering in the rain with water up to their ankles. The varsity cheerleaders are a really important part of our school spirit-three cheers for them!

Hurray for "Mabes"! The cheerleaders give credit to the person who made it all happen.

The JV cheerleading squad is composed of freshmen and sophomores who cheer at the frosh-soph basketball and football games. These girls spend many tiresome hours practicing after school and cheering at games. Although it may look like all fun and games from the stands the girls are hard at work keeping our teams psyched. They were always cheerful and spirited and supported every team win or lose. All credit they get is deserved!

Our Spirit Squad is open to girls of all grade levels. This year it consisted of freshmen, sophomores and one junior. If you have ever been to a wrestling match, cross country meet or a swim meet, you have probably seen these girls. They are a very spirited group, and they put in a lot of hours supporting the teams they cheer for, both in actual cheering and lots of practice. These girls do put forth a lot of effort in our behalf, and they too deserve a big thank you!

JV CHEERLEADERS: Ginger White, Carrie Bither, Beth Rouzer, Val Crank, Nancy Bowen, Michelle Wilson, and Sara Wilkins.

A-R-T Club And Pep Club

The Pep Club was formed in 1971. It's main goal is to promote school spirit for all extra-curricular activities. There are approximately 50 active members who are responsible for the many posters that are found in the halls of RHS. They try to make posters to support every team from football to debate. They are responsible for selling spirit items such as hats, scarves and spirit buttons. This year's president is Sandi Eberle, and the club's sponsors are Miss Maria Lane and Mrs. Shelia Snarr. Everyone at Richwoods is welcome to become a member of this enthusiastic club.

The Key Club, new this year is a community service group. The club participates in various community projects such as, the canned food drive, and ushering at special programs. Paul Calbos is the president and Mr. DeFabio is the advisor.

Cooperative Work Study is the name of the students who leave school and work on the job. They receive full credit for their work at these jobs. They come to school half day and take the required subjects. Mrs. Harris is their sponsor.

Assistants

Library, Lab And Industrial Arts

Industrial Arts- Mark Bircher and Mike Ketterer

Although we do not realize it, teachers cannot be everywhere and help everyone therefore there are assistants. They donate their free time to help teachers in various departments and are a tremendous asset to teachers and students. In the science department, the Lab Assistants do various odd jobs. These jobs range from setting up equipment to washing glassware to grading papers. During labs these assistants are especially helpful.

The library assistants help students locate books or magazines, check out material and put away used library material. The library assistants relieve the librarians of many hours of tedious work. The Industrial Arts assistants, like the library and lab assistants, offer aid to the Industrial Arts' teachers and students. Having taken Industrial Arts courses themselves they are well aware of the problems of the classes. So you can see These people are very important.

Amateur Radio Club

The Radio Club meets twice monthly with their sponsor Mr. Mayer. The main goal of the club is to receive their Amateur Radio License. In addition to this, during their meetings they study electronics, learn the international Morse Code, and are taught about various parts of the radio. They also see films and take field trips.

The Bridge Club at Richwoods involves those students who enjoy getting together once a week after school to join in on the card playing fun. Even amateurs' are welcome to join the club and learn the basics of bridge. In short, the Bridge Club is a great learning experience for all those involved. Sponsor of the club this year is Mrs. Preckshot.

Bridge Club

The Model Railroad club has taken many trips this year. They have taken these to inspect different railroad setups. These setups are then duplicated in the members homes. Sometimes the group goes to Mr. Gross' house.

There are twenty-eight members in the French National Honor Society this year. Among the club's many activities were the tutoring services offered on Monday's and Tuesday' after school. The group also prepared for a trip to France which included such stops as Paris and the French Riviera. The club also sold candy and holiday cards to raise money for the organization. The sponsor for the club is Mrs. Juergons.

Splashing Fun

What could be more fun than to teach small children how to swim or more rewarding for that matter? This is what the guard does. It is very exciting and we have a lot of fun. The guard swim schools are every Saturday morning. We have approximately fifty children at every class who would like to learn to swim. In order to be in this organization you must have passed lifesaving; observed and taught swim school for one day. It is not difficult at all. Each year a group of six Seniors are selected to be headguards.

This year they were Kathy Carver, Debbie Jaegle, Lisa Selburg, Tim Moore, Eric Peterson, and Brad Strehlow. Every guard was put into a group under one of these head guards. We also had parties to ease the pain of working. Here we can relax and enjoy ourselves. We had swimming parties where if you wanted to you could bring a date. We had no guard show this year although there were efforts toward this. Not enough guards had the time to participate in this.

The guard is an outstanding organi-

zation. It is a great asset to the community. The guard is the only volunteer swim school of its kind in the area. If it didn't exist then where would many parents take their small children to learn how to swim? This program means a lot to the children and parents that participate in it. Usually in the spring the guard operates a community swim but because of the change in the boys swim season, the community swim was canceled.

Speech Team Excells

SPEECH TEAM: R1- Joe Schwartz, Laura Drew, Sally Williamson, Cathy Stumpf, Robin Feinerman, Jenny York. R2- Mark Bircher, Dawn Van Huele, Kathy Rice, Brooke Coker, John White, Daryl Newcomb, Cindy O'Connor, Anise Wiley, Sarah Snyder, Not shown- LeAnn Feinerman, Beth McMillan, Don Kreiss, Alice Smith, Linda Patton, Sam Porritt, Matt Anderson.

Being on the speech team requires many practice sessions to create that special selection with that certain effect on judges and observers that can result in a favorable critique and possible awards. The different events that speech team members enter are distinctive and varied, but all have a common denominator, and that is repetition and intense concentration. There is something for everyone who wants to find a way of expressing themselves and experiencing public speaking. Events range from poetry reading to humorous acting to dramatic acting to extemporaneous speaking. This year's speech team under the instruction of Mr. Peters, Mrs. Drew, Mrs. Juergens and Miss Chamberlain did extremely well at tournaments beginning in late November and climaxing at the state tournament in February. The team experienced wins at ICC and MS-10, with many individuals distinguishing themselves with victories in their individual events. The whole team continued this year to give Richwoods statewide prominence in forensics activities.

NOVICE DEBATERS: R1- Cathy Talbert, Patty Elliott, Tracy Meints, Sarah Snyder, Joan Stumpf, Elizabeth Wilson. R2- Kristy Moreland, Debbie Miller, Paula Weigensberg, Diana Haerr, Richard Rochman.

JUNIOR VARSITY DEBATERS: R 1- Julie Scott, Amy Stafford, Helen Kechriotis, Allison Ford. R 2- Ed Murphy, Frank Ritter, Craig Thorstenson. Not Pictured: Mark Wright.

Increased awareness marked this year for the debate team. It was a year for growth and expansion and more people were aware of it. The number of team members jumped from fifteen to twenty-three, and the number of tournaments increased by approximately five. The team also received more exposure in the Shield and the Journal Star. Debate is a year-long activity which require many, many hours spent researching, organizing evidence and at tournaments. It is divided into three divisions, novice, junior varsity and varsity. It is our only extra-curricular activity especially designed for the academically motivated. This year all of our divisions did extremely well-the novice team won six of their first eight tournaments and totally swept the MS-10 tournament. Our JV team won three of their first four tournaments and made a big dent in Chicago competition. The varsity team consisting of five juniors experienced a building year and took second and third at MS-10. Next year should be a good one as the team continues to create statewide respect for Richwoods.

An Increased Awareness In Debate

VARSITY DEBATERS: Steve Turow, Laurie Wright, Paul Bransky, Amy Rohrer, and Jim Kreiss.

Richwoods Choirs

A Mark Of Excellence

The Richwoods choirs were very excellent this year as they have always been in the past. Mr. Macomber these students and it was largely through his efforts that everyone learned of the talent they possess. The freshman choirs this year were the biggest they have ever seen. These choir members had choir twice a week with study hall filling up the remainder of their time. The sophomore girls who made up the prep choir worked on learning to read music and to sing in parts. The girls performed in the choral concerts and looked forward to being in Concert choir. This choir is the

most advanced at Richwoods. This group sings for different clubs and organizations around the city as well as sang in concerts at Richwoods. The Concert Choir supplies members of the Harmoknights, consisting of girls belonging to the Concert Choir, and the Madrigal Singers, who performed at the Madrigal Dinners given every year. A measure of the choir's excellence is how well it does at the All-State competition. After doing well in District competition. Eileen Flanagan was chosen to be a member of the All-State chorus which met in Chicago to perform.

Class Officers

The 1977-1978 Class Officers were quite occupied with a multitude of projects to benefit their classes. Perhaps the most important duty of a class officer involves the traditional homecoming festivities, including hall decorations, stunt shows and corner decorations at the dance. A spirit stick is awarded to the class which demonstrates the most spirit and participation during Homecoming Week. The sophomore officers helped their class capture the '77 award. The junior officers continued to satisfy the appetites of crowds at football and basketball games. They were also responsible for the Prom each spring. The senior class is responsible for the Vice-Versa dance and oversees the dance. All the classes do other service projects throughout the year. In order to finance these activities, the class officers are also responsible for raising their treasuries. All the classes manage bake sales, car washes, and other activities. However, no officer can be successful without class support.

SENIOR CLASS OFFICERS: Dan Henry, Nick Gerontes, Tim Hagaman, Eric Garber.

JUNIOR CLASS OFFICERS: Sue Korgie, Lisa Edgar, Lynn Miller, Rex Adams.

SOPH OFFICERS: Kathy Manning, Nancy Bowen, Phil Calbos, Michelle Wilson.

This past year was a building year for the Soccer Club at Richwoods. This was the first year for the Club, which is sponsored by Mr. Driscoll. The team practices all week in preparation for matches against other area schools on the weekend. Although this was the first year for the Club, the number of boys and girls who turned out to participate was really great. You can certainly look forward to seeing more of the Soccer Club, perhaps eventually even in the form of an IHSA sanctioned interscho-

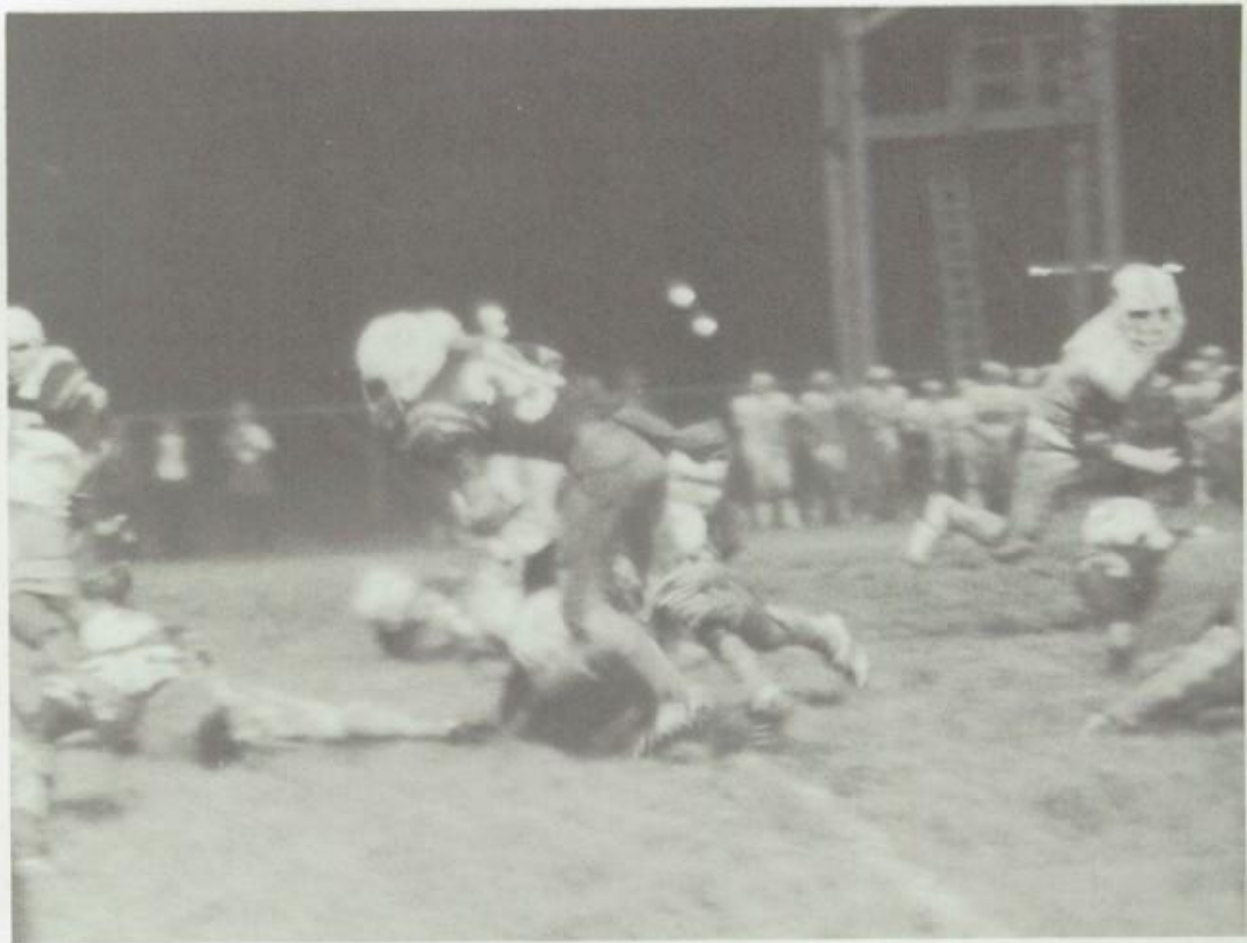

lastic activity if interest continues to expand.

Intramural bowling has been around much longer than the Soccer Club, but interest continues to increase. The Club, which is sponsored by Mr. Driscoll, meets every Wednesday to bowl at Crossroads from September to March. The Club consists of fourteen teams with seven people on each team. Both boys and girls are welcome to compete against each other for trophies which are given out at a banquet at the end of the competition.

Look at that great form! All this and more can be yours when you join the Bowling Club.

Harriers Take 1st In M-S 10

Senior Brian Buttrick pulls ahead of a Central opponent.

The 1977-78 Richwoods cross-country team proved to be one of the finest in Richwoods history. We ended our season with a record of 15-0, and our only close meets were against East Peoria for the M-S Ten championship, and Elmwood, the eventual Class A state champs.

We started our invitational meets off with a first place finish at Washington, followed by disappointing sixth place finishes at Ottawa and Peoria High Invitational. We then bounced back to an impressive win at the Normal Invitational and followed that with a fourth at Rich-Central.

Our second in the District was followed by the highlight of the season, grabbing first at the Princeton Sectional. Running at State capped off a fantastic season.

Mark Sherman led the team this year setting many course records as well as finishing twenty-third in the State Meet at Detweiller. But it was the whole team effort which set this team apart from previous teams.

Joe Peterburs kicks open another game.

As we started the season we were looking forward to having one of the finest teams since the early 1970's. In our opener we were soundly defeated by our arch-rival Bergan. We then topped a tough Washington team; in this game we gained close to 400 yards on the ground. We also beat Spalding in a game that went down to the last four seconds.

The next two games is where our season fell apart. We lost to both Woodruff and Limestone; two teams we should have beaten. We were then defeated by the two top teams in the conference, Central and Manual. We closed out the season by losing to Pekin and then being beaten by East Peoria. Against East Peoria though we played as well as we had in the beginning of the year.

Cagers Conclude Marginal Season

The 1977-78 basketball season began pretty well as we tied for second in the I.V.C. tournament. It looked promising to us at that point, but from then on things went only downhill until post season play.

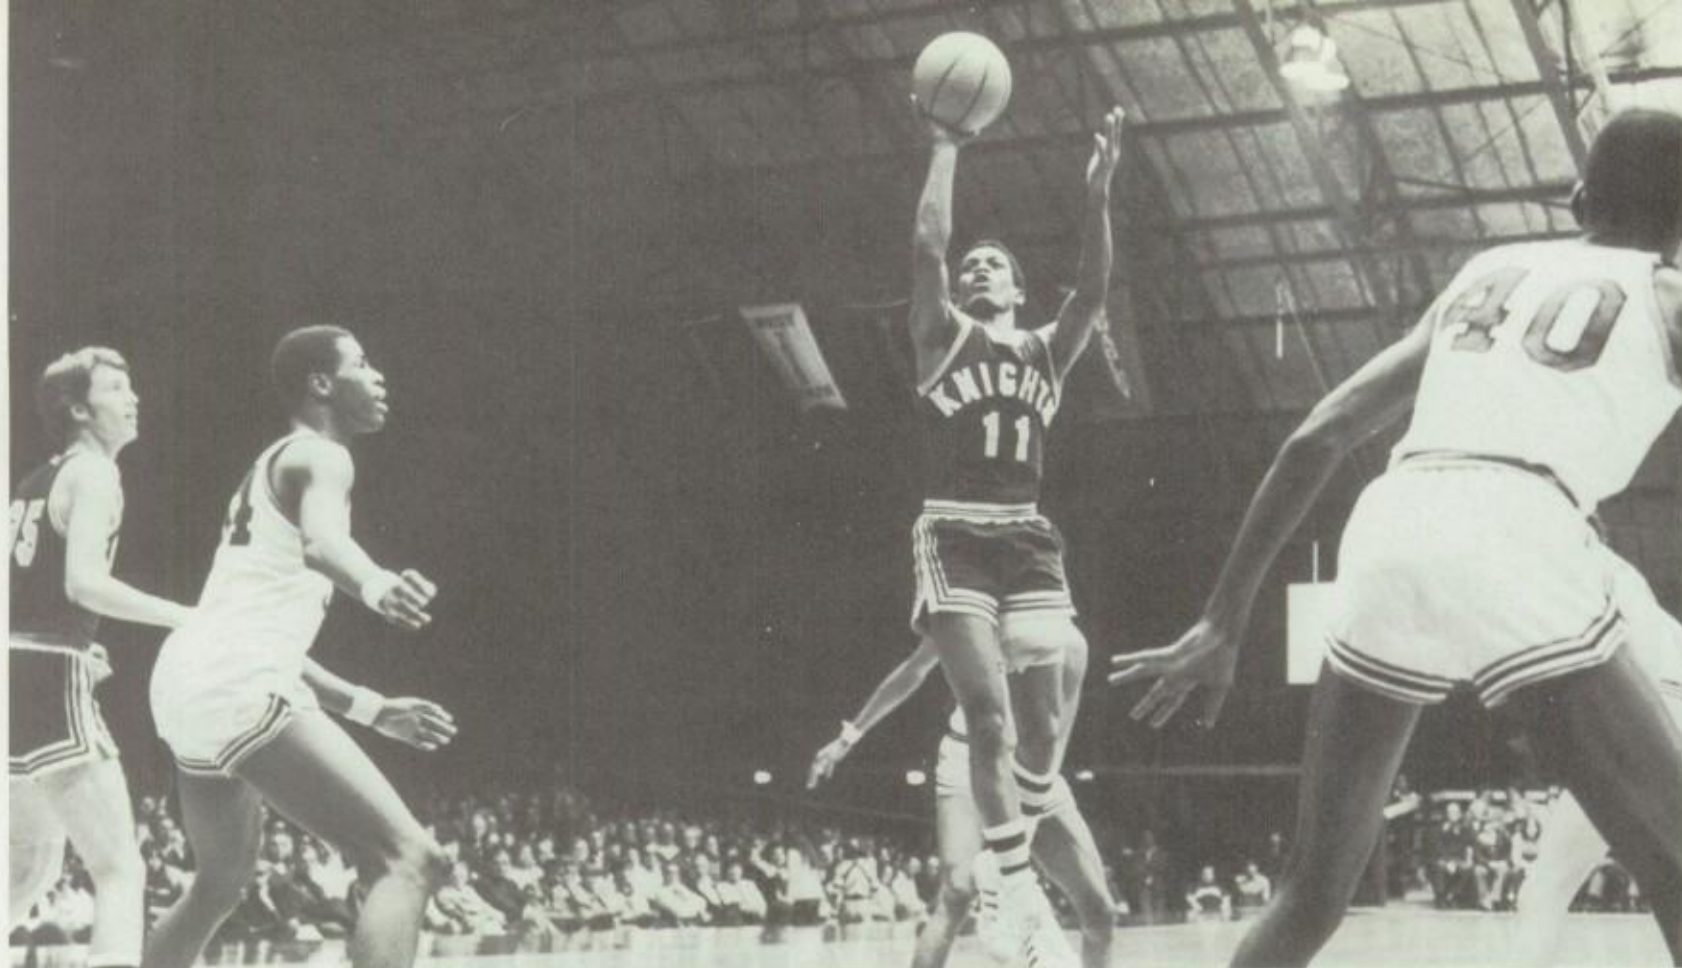

During the I.V.C. tournament the Knights lost Mark Easley due to a severely bruised thigh for about five weeks. An injured knee also caused the loss of John Sutton.

At the Pekin tournament we bowed out after losing to Moline and Cahokia. These losses were frustrating to us because of the numerous times we held the lead in the final quarter only to be behind when the buzzer rang.

The season turned for the better when we beat Galesburg to win the regional at Macomb. Our revenge over Galesburg gave us a chance to play Central at the Bradley Fieldhouse. The Lions edged by with a 62-54 victory. We finished the season with an 8-18 record.

We were looking forward to a very successful winter. For the first time in a while Richwoods carried a full wrestling team. There were four seniors back and we also had some highly talented underclassmen. Our season, though, in terms of a whole team effort, sort of went downhill after the Central match of December 14. Fielding a full, healthy team we defeated Central.

It was after this that the team's ranks began to dwindle, and with it our morale. We ended our first month with a disappointing finish at the Palatine Invitational. The month of January was filled with unhappy occurrences, but with a little extra effort we made it somewhat successful.

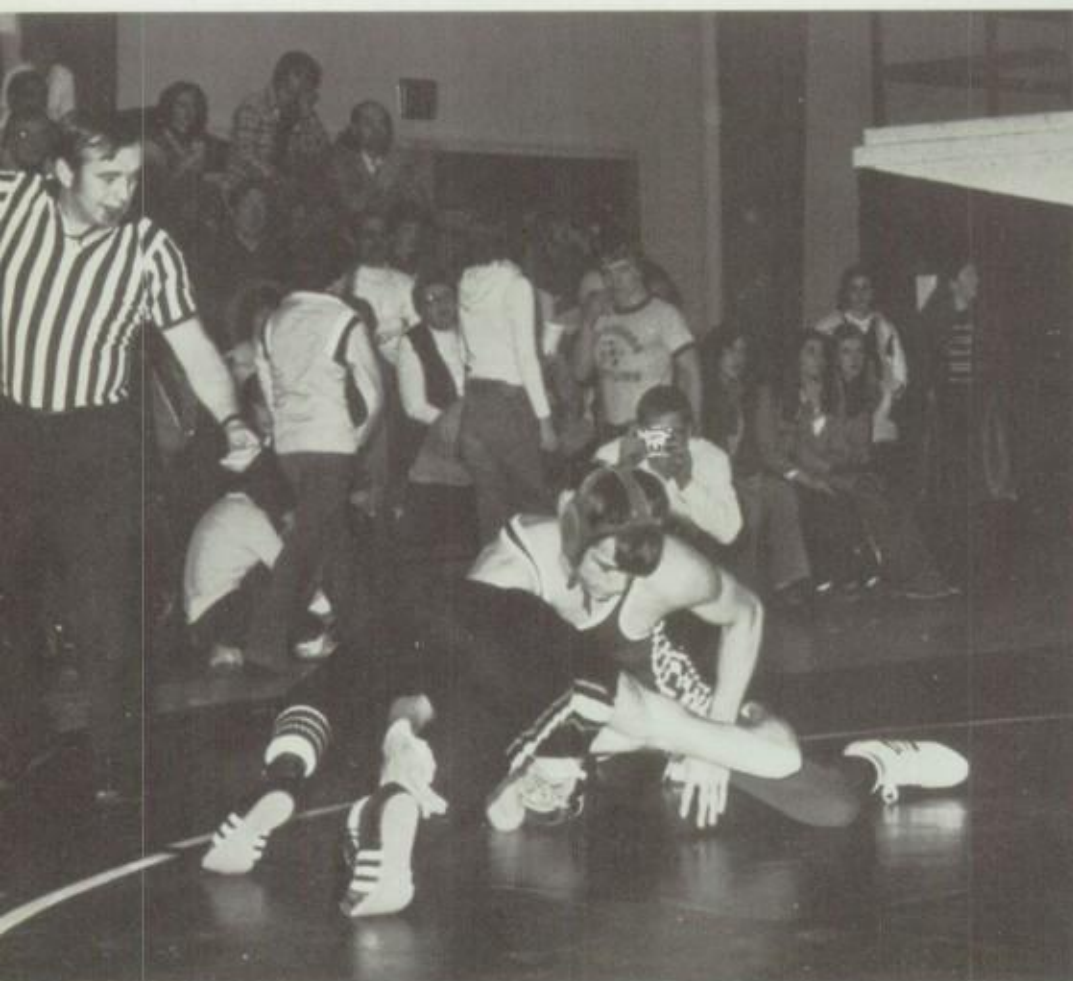

The Mid-State Nine Tournament took place on February 4 and 5. We had two fourth place finishes, one third, and one second. The next weekend at District four of us were able to qualify for sectional up at Moline. Richwoods wrestled well at Sectional, but only senior Carl Curtice was able to qualify for the state meet.

All in all the season was not a totally successful one. However, these major, negative aspects did not cover up the supreme individual efforts that were put forth by many members of the team.

The Richwoods English department constantly changes. Mini-courses were replaced by semester courses such as, Language Studies, Science Fiction, 20th Century Literature, and of course Mythology and the Bible. A certain amount of creative writing was necessary in each course. Juniors and Seniors struggled to make term paper deadlines during the semester. Grammar, Speech, and Usage all help students better themselves. The English program seems to have something in it for everyone.

Students find they have to keep a close watch on Mrs. Drew.

All of us at one time has had to take some kind of math most of us have not enjoyed it quite as much as others but it wasn't really as bad as some have made it out to be. Education

Physical

Co-ed

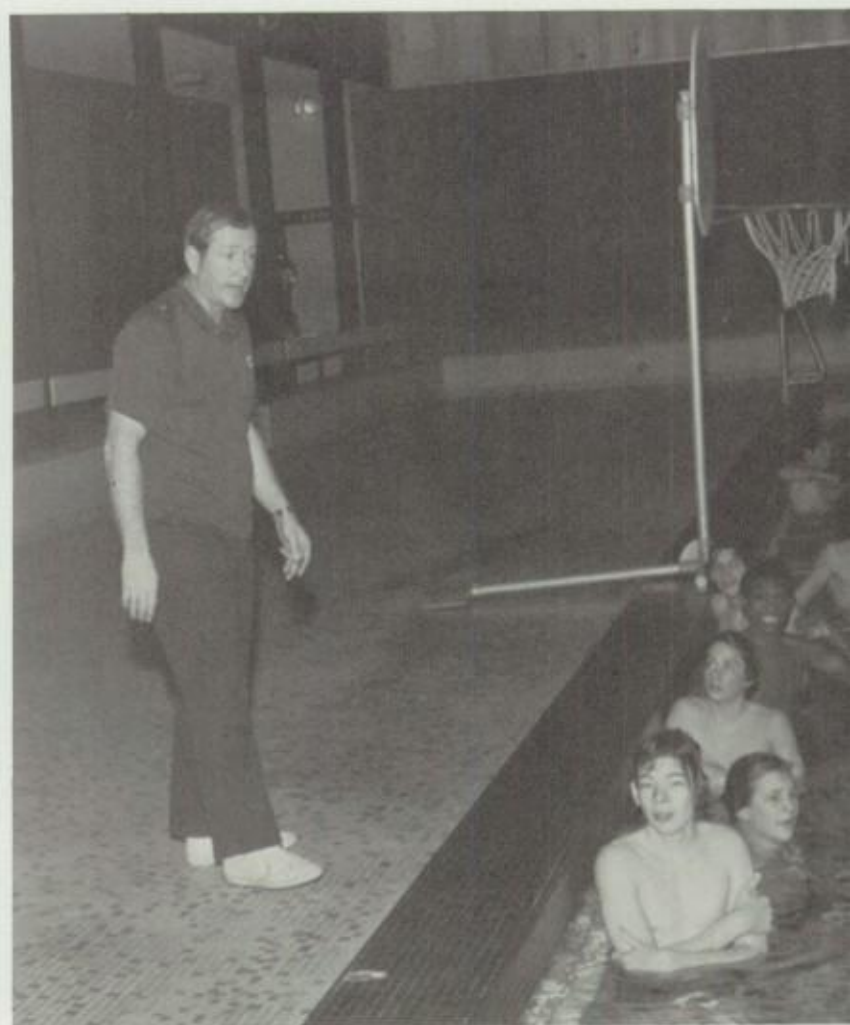

Patty Hulvey keeps a good eye on Mr. Wyss.

This year, because of a law recently passed, co-ed physical education came into effect. Boys and girls are no longer separated during gym, unless there are safety reasons involved.

There were mixed reactions to the new style of gym. Some were pleased to be able to play equally for once. Other students were unsure if it was for the good or for the bad. No matter what the reactions were the law is here to stay and we will all learn to live with it.

Richwoods students were also part of another change in gym. Most of the students this year were able to choose the sports they wished to participate in, making gym more fun. Certain requirements did have to be met. Each student must pass so many team sports, so many individual sports, and so on to graduate.

Art is a creative subject testing the imaginations and skills of those participating. Richwoods has a variety of courses consisting of art, drawing, ceramics, design and creative textiles. Crafts offers students the opportunity to work with leather, polyglass, and wax. Drawing offers the use of charcoal, paint, and chalk to create beautiful pictures. For those who like the commercial end of art; commercial design teaches the basic patterns of commercial drawing, calligraphy, and print processes. Webster's definition of Art- the conscious production or arrangement of sounds, colors, forms, movements in a manner that affects the sense of beauty- is displayed in many forms at Richwoods.

Gerry Smith is always paying attention in Mrs. Snarr's class.

Are nerves of steel the proper qualification for a driver education teacher? At times it could be, but it isn't always that bad. They become accustomed to beginning drivers and try to keep calm at all times. These teachers put in extra hours before school and after school, on weekends, and during the summer to teach future drivers. Before a student can get behind the wheel of a car, however, he or she must take and pass classroom drivers ed. It takes skill, patience, and courage to tackle the job of teaching students how to drive!

Miss Brunns loves to show her class creative ideas.

You can't fool Mrs. Juergens.

Language is a barrier throughout the world. Here at Richwoods the gap is filled by the many clubs and languages that are taught to help better understand the cultures and ways of foreign people. French, German, Spanish and Latin are very beneficial in filling this gap. German dancers perform at many events during the year, while students from the French, Latin and German classes visit their respective countries over the summer and holidays. You can help fill this barrier between our language-speaking countries by participating in clubs, taking a class of foreign language, or you might even consider going on a tour with one of the classes.

Industrial Arts-Blue Print For The Future

Looks like another one of Mr. Mayer's students is in trouble.

The Industrial Arts Department offers a variety of classes to all students. Industrial Arts, Metals, Woods, Mechanical drawing, and Architectural drawing are included. Students involved in this program become familiar with scientific principles and various tools. The student's knowledge may then be used to help him choose his future career. This department is given the opportunity to exhibit its work at the Industrial Arts Fair. Projects range from hardware tools to model homes to bed frames. After being judged, many of the students receive ribbons for their efforts.

Tom Losby's work seems to have passed Mr. East's inspection.

Boil snip, braise, trim, and divorce. These are all very familiar terms in the Home Economics department. This department offers ten different classes. Among these are food, clothing and family living. Unlike a few years ago when Home Economics was strictly for the girls all of the classes now are coeducational. Yes, it is not at all uncommon to see boys in child development classes. And on the other hand there are girls taking Chef Foods. This department is one where you can really see or hear the results or for that matter smell the results of the different assignments. Everyone knows what it is like to walk down the two hundred hall when the foods classes or baking. Yes this is it.

The variety of subjective courses in the Social Studies Department this year is a broad and wide-spread as in previous years. Courses provide students with information on certain aspects of our society and with world relations. Our nation's past history is also stressed in the required course, US History. Scientifically Sound

Mr. Kamrath ponders over a chemistry problem.

Appreciation of what science is, a basic understanding of pollution and ecology, and some of the technological developments affecting our survival are areas that each science course attempts to explore in some depth. Experimenting in the lab can provide knowledge of this type. Students become aware of the world in which they live. Many unique courses are offered in our science department. Physiology students have the opportunity to explore the anatomy of a cat, and Horticuture students perform experiments and observations in the greenhouse. New discoveries are made in science every day. Perhaps one of these discoveries will take place in Richwoods High some day!

Freshman year is the year for meeting new people and making new friends. The freshman mixer was a good opportunity to accomplish this. For \$1.00 and one I.D., all freshman could talk with friends, dance to the music, or do most anything else that excited them, without the upperclassmen to dominate the atmosphere. With Wayne R. Miller as a disc jockey, the most popular tunes rang out through the gymnasium. By the end of the evening, everybody had gotten to know each other a lot better, and they all agreed that the dance was a big success.

Freshman year. A year of confusion, indecision, and excitement. It is getting used to such a big school, meeting hundreds of new people, and trying to get your locker open! But like most freshman classes, the class of '81 had a great time through it all. The dances, basketball games, and pep assemblies made freshman year a memorable one for everybody. The Knights pray and cheer for a victory.

Spirit is a big factor at RHS. Without the enthusiasm of our students, Richwoods would be nothing special. Freshmen through seniors always seem to find time to make it to all different kinds of events. Although students have other ways to keep busy, they still come to the games and matches to cheer the Knights to a victory. Without school spirit, RHS would fall apart. Keep coming to those games and fighting for our Knights.

What do you want to do when you get out of highschool? What do you want your future to be like? These were the questions that faced every freshmen this year. Because the freshmen had to choose a new curriculum for their highschool years, the task of deciding what classes to take wasn't easy. The freshmen had to decide what they very basically wanted to do with their lives. Although there were many curriculums to choose from, deciding what to do after highschool was very difficult. Difficult maybe, but worthwhile.

Well, should I ask him now?

You pick up the phone. You start to dial. Your face and palms break into a sweat. Suddenly millions of questions seem to slap you in the face. Where are you going to eat? Who's going to chauffeur you around? Then suddenly you slam down the phone. You figure there's always tomorrow to ask him. These are the typical actions of a freshman girl trying to ask a guy to Vice-Versa. Asking someone to Vice-Versa certainly isn't an easy thing to do! But after you've finally gotten up the nerve and asked him, that "Yes" sure sounds terrific!

Freshmen year is certainly an exciting year. There are so many new and different things just waiting to be experienced. There are new people to meet, new clubs to join, new things to learn! Richwoods is a great place for Freshmen. A freshman can join the Shield, the Excalibur, the Key Club, the Pep Club, and many other varied clubs. In these clubs you meet not only other freshmen but also upperclassmen, and you have fun working together. There are also many sports that you can get involved in or games to go and watch. Freshmen always have a good time going to the games and backing our Knights. Freshmen year is a great year for having fun.

Freshman hall! There isn't a noisier hall in all of Richwoods. Freshman hall is the hall that is always super crowded during any break. Groups of freshmen block the hallway while they catch up on the latest gossip, decorate lockers, copy homework, or just act plain crazy. But why not? Freshmen need a chance to talk and have fun with all the new people they've met during the year. Freshman year is one of the most fun years of high-school. The talking and yelling in freshman hall is a part of that fun. But, if you happen to be in the junior, sophomore, or senior halls, you may find that every once in a while they even manage to outdo the freshmen!

With one day as an exception, school was held on schedule for the whole yr. Most of us lived through mounds of snow, breaking our bones on ice and turning so frost bitten that we thought that we'd never make it. Most everybody made it to school on these cold winter days, sometimes a little late, but that was better than never. The classrooms were sometimes almost as cold as the outside, but we all learned not to complain.

Blue Slips. That's what those little pieces of heaven are called. Simple to obtain, all that is required is the tiniest amount of effort, and . . . the hardest of all accomplishments . . . patience! When it takes place is really dependent on luck . . . that is, when your birthday happens to be. For some this great time comes early in the year, the "lucky ones" they're termed, but are they really? Do those of you who've already experienced the "Blue Slips" remember it? One can't have a real true high school unless one has a building full of people. Acting crazy is a favorite past time of most of these people at Richwoods. We all have our serious moments, but then there are always the times for jokes and laughter and just being you. Most "yous" at Richwoods know how to be crazy and have fun, as seen all over the building during a regular school day. Look around, you're not alone.

The homecoming celebration is never the same without the annual stunt shows. This years four stunt shows, one by each class, were creatively put on by members of the classes. They took place the week of homecoming and were very encouraging for the players and the fans. They were psyched up and ready to beat Limestone. The stunt shows really added a lot to the events of homecoming week.

A friend is someone who cares about you and wants to know what you are doing all of the time. Richwoods is a great place to find a friend, and keep a friend. You meet so many people through these four years of your life that it is impossible to live without them. A friend is always there when you flunk a test, lose an important game, or lose something that you love. However, a good friend will never be lost. You'll always keep him forever.

A big thrill for the sophomore class is the picking out and ordering of class rings. Most people want to buy one to show off that they are a big upperclassman. The rings can show a person's individuality and uniqueness through its looks. This year's choice of rings were chosen by the class officers, and they should be recognized by their great effort. Look around and you'll see everyone showing off their ring.

Spring Fever did you say? Shh! Someone might hear you! Can't let that happen, it's too early for that . . . or is it? Students from study hall lay sprawled around in all corners of the courtyard. Instead of a luscious green velvety carpet appearing before your eyes, a multi-colored patchwork quilt of bodies is appearing all around the school. Short sleeves, pants legs, and dresses are rolled above elbows and knees to soak in the rays. Spring Fever? Too late, it's already here.

Students

Having a good education now will show to have been very useful in years to come. A high school education can have a great deal to do with one's future. As much as we'd all like to party and have fun with our friends all the time, we still know that getting an education is more important. Everyone at Richwoods will learn sooner or later that they can't get by without a little bit of studiousness in them at one time or another.

The food at Richwoods is not nearly as bad as people make it out to be. As a matter of fact, some juniors have found that it is not bad at all. As it is not at all limited, the food here is really good for you. Some of the juniors may decide that they don't want senior lunch because they won't want to leave the great Richwoods food. All for one and one for all most certainly applies to this year's junior class. They demonstrated tremendous spirit, not only at Homecoming, but also in fund drives, such as the canned food drive, and election week. The juniors can always be counted on to pull through and make every Richwoods project a success because they not only have class spirit but school spirit.

Junior Jobs Are Jovial

Junior year. You're now sixteen and at the legal age to get a job. So, what's it going to be? There are so many choices and openings that it can be a really big decision. Jobs can range anywhere from detasseling corn to having your own desk at a mayor's office, your father's of course. Seriously, a job is a major thing in your life so choose carefully and have fun doing it!

The class of '79 is definitely the most versatile. Perhaps best remembered for their crazy antics as the mad monkey, this was only one of their many faces. The junior class also formed the population of the planet Limestone, but quickly reverted to the screaming mad monkeys to cheer for our Knights at Homecoming. Juniors, being the first class to take the competency exams, may even be called experimental white rabbits. While the junior class enjoys fun. They can also be serious.

Freshman are afraid, sophomores still lack confidence, but juniors seem to add a dash of humor to everything. Maybe it's because there's only one more year or just having learned the ins and outs of the high school system. The class of '79 has laughed its way through cafeteria food, competency exams, coed P.E., dress codes, and other such necessities in life but have always come out with a smile on their face. Perhaps they are insane, but they are for sure the mad monkeys!

Night!

4 ... 3 ... 2 ... 1 ... We counted down the years toward graduation.

This year Homecoming was very special to us, and the game against the Limestone Rockets blasted us off toward that final day in May.

Realizing this was to be our last year to participate in Homecoming activities, we Seniors didn't let the go by quietly. On Saturday night we had a good time at the dance, and later we celebrated ... IT TRULY WAS A HOT NIGHT!!

The Senior Stunt Show was a Gonged Show. We joined together trying to make our stunt show a hit, but it was a miss and we only made it into the Fall of Fame! After two acts we were told to exit STAGE LEFT! There seemed to be a disagreement over the content of our show. Seniors made noise trying to figure out what the controversy was all about. After a few moments we received an explanation for the abrupt halt. We Seniors didn't need to win to prove we are No. 1!

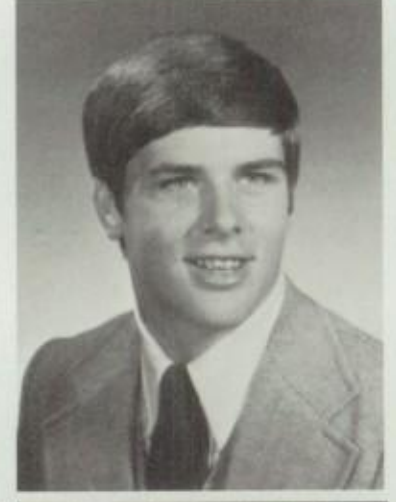

Silly Shaun is the "Superstar".

Through tackle or goal or fumble or fall.
We Senior girls deliver the ball.
Pretty maybe, but weak no way,
When it comes to proving who's number one.
We give it our all — all the way.

There was no doubt — The Senior Girls were coming through.
We proved our success at the end of the game.

Returning home from Easter vacation, many of us found ourselves to be inflicted with that annual, contagious disease — SENIORITIS. It was then we realized we had only two full months of school left. SENIORITIS soon spread into epidemic proportions, and caused us to start some very unusual and strange habits.

After being measured for our caps and gowns, and hearing the dates of our finals, our Baccalaureate (May 24), and our Commencement (May 25) the final stages of our illness set in. Celebrations were increasingly prevalent while homework decreasingly done. After all, why torture yourself? We were, in comedian Steve Martin's words, "Just a bunch of wild and crazy guys!!!"

RHS's new Galloping Gourmet (Tim Moore) finds that he'll have to try again or learn to like his famous burnt crepes!

Our generation hopefully will be the group which will rid our society of the use of the word "stereotype." For we believe that everyone should have equal opportunity for whatever job they wish with no reference to their sex, race, creed or religion. No longer should it be said that a woman's place is at home or that a man's place is at the office; each of us should be given the chance to find their own place in the sun. Stereotypes inhibit us from showing our hidden talents — and we should come out of the closet!

Who doesn't mind to be a stand out in a crowd?
Who does not mind to be an innovator of new
ideas, fads or expressions that don't always catch
on?

There was that day when some of the guys tried
to start a fashion trend by wearing their dress suits
with those Great American pants ... JEANS!
Don't confuse this day with those days when the
guys actually dressed up in real suit outfits-those
rare times were Rotary Club days.

However, the girls had their days too. They were
continually being heightened by sky-scraper plat-
form shoes and big boots, while their dresses
seemed to forever cover up those "lovely legs."
Hair styles were changed about as much as the sun
set. All in all, fashions play in Peoria!

Who was it that said, "Let them (seniors) eat cake?" For those seniors who stayed not much nutritious food was to be found.

There's no time to take off your coat! Tracy Jared, Mary Kamins, Debbie Owens, and Penny Hutton munch out fast during lunch.

Sheet Or 10° Below!

Even on days when the outside environment was enveloped with weather rather uninviting almost half of us escaped for senior open lunch. This great exodus was partaken by many seniors daily for various reasons.

First, getting out of the school building gave us a mental break with no books, teachers, passes or classrooms in sight. Secondly, we felt that the local restaurants gave us a better deal on food. At school, there wasn't enough good food left on the cafeteria shelves; you were forced to eat what was there or fast for the rest of the day. In short, open lunch is a necessary program unless you brown-bag it at lunch.

Fridays And Saturdays

Every Friday and Saturday nights you could always find houses where cars were bumper-to-bumper in the driveways and along the streets. The police often patrolled slowly by, and sometimes even stopped to see what all the ruckus was about. A rich man with a passion for cars, you say? NO! It's party time! What did we do at these parties? Well, whatever it took to get a week's worth of frustration at school out of our systems. Each of us seemed to have their own way to have a "good time" but the overall results were the same. We're just a bunch of swingin' guys and gals!!!

Who Could Forget

The echoes of the past four years will always remain with us. The memories linger on because the people and places mark climaxes of a short, but significant part of our lives.

Cherish the good times. Learn from your mistakes; you will have a sharper eye in the future days to come.

On Monday, May 22nd, our count-down ended. Our last day was filled with three hours of finals and many good-byes to the teachers we had come to know well.

There would be no more I.D. numbers, passes, demerits, ect. to darken our days. We looked forward to Wednesday and Thursday nights — for us it would be the finale of four years — the final moments of old RHS.

During his English final, John Sutton's (Guess Who) face gives no sign of his opinion of the test. However, afterwards his feelings become evident when he asks Mrs. Hunt for his present grades.

'78 Reflects Our 4 Year Trail

Sheri Cornelius and Alice Cole make last minute preparations.

"Phew! It's finally over." (Say Rita Allen and Shala Alai.)

Class President, Tim Hagaman presents the class gift. (portable bleachers)

As we set our sails we must now consider
which direction we are to go.

The sun rising as we set our course
for a new journey.

We need not be frightened for we have
a firm foundation on which to stand.

our good friends,
and the invaluable knowledge
which we have gathered.

Let the wind carry you to happiness and
success in whatever path you may choose
to

follow.

Knights Are Super Great In 78! With A Second Place At State

Join Together . . .

In case you are wondering what this page is all about it will be explained. These are different clubs that for some reason or another could not have their picture taken when the other clubs had their picture taken. Therefore since there happened to be space on this page we put these pictures here. This was done very late in the year and names were not put in. Many apologies.

HOW BIG A BITE
WILL COLLEGE TAKE?

College costs take a big bite out of many a family budget, but you can ease the financial strain with a Provident Federal Education Loan.

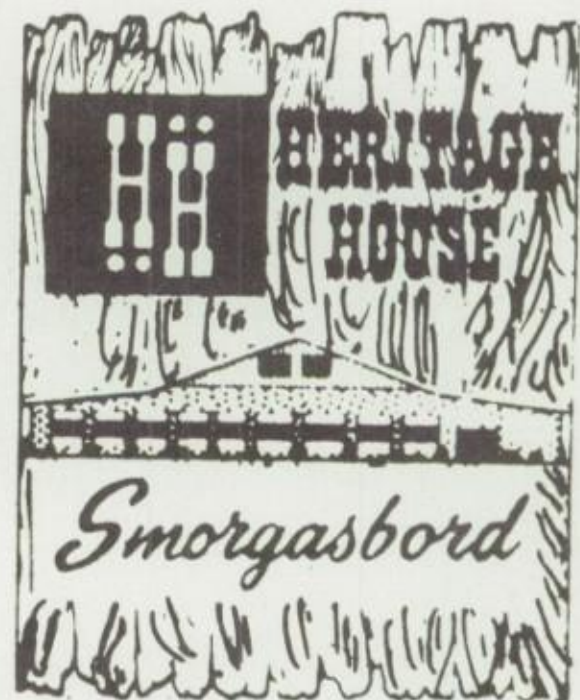

We can lend up to a total of \$7,500 for any full-time student attending at least a two-year college, with no collateral . . . no co-signer . . . and up to 10 years to repay.

Now is none too soon to walk into Provident Federal and discuss your education loan. Then you'll walk out confident that your education is *assured*.

THEM.

We Joined Together . . .

Like the pieces of a puzzle we joined together to have good times, bad times, happy times and sad times. A lot has happened and it has been exciting and a lot has happened that hasn't been so exciting. We all know that sitting in class is not as thrilling as going to a party or sporting event of some sort. For the first time our baseball team went to State Tournament. That was fantastic. Our basketball team finally after two years beat Galesburg. There were four Seniors with 4.0 averages. We had some fantastic assemblies and movies provided by our super Student Council. The courtyard was opened this year for the first time in two years. This privilege was enjoyed by all. Homecoming would have been great if it hadn't rained. It will be a long time before the Seniors forget being pulled off the stage during the Stunt Show. Yes, this was it. We joined together and made this year possible.

... With Much Great Success!!

This page is a tribute to Dave Frederking, who has shown more courage and dedication than probably anyone who has gone through our high school. A few months after a freak accident at school Dave came back to go to school regularly and graduate with his class that he had been with since freshman year. Dave is a fine and special person and everyone on the yearbook staff and the entire school wish him the best of luck!!!

Dave Frederking

He sang of joy; what ever he knew of
sadness.
He kept for his own heart's peculiar
share.
So well he sang, the world imagined
gladness
To be sole tenant there.
For dreams were his, and in the dawn's
fair shining
His spirit soared beyond the mounting lark,
But from his eyes no ascent of repining
Fell when the days grew dark.
And though contending long dread fate
to master,
He failed at last his enemy to cheat
He turned with such a smile to face
disaster
That he sublimed defeat.
Florence Earle Carter
